## PRESS RELEASE

### TASK CONSTRUCTION MANAGEMENT ANNOUNCES NEW PRESIDENT AND PLANS FOR THE FUTURE

**Burnaby, February 6, 2012:** TASK Construction Management, one of Western Canada's leading construction management firms has a long standing reputation of delivering top quality projects and has an equally lengthy list of clients.

"We've always correlated our success with our client's success," says John Hiebert, co-founder of TASK Construction Management. "As a result – we wanted to ensure a solid succession plan, one that would serve our current clients as well as future ones in a manner that remained true to TASK's core beliefs."

This succession plan consisted of several phases. The first, announcing the acquisition of TASK Construction Management by the Fayolle Group in March of 2010. Fayolle and TASK's sister company, Magil Construction practiced the same business philosophy as that of TASK and thereby provided a consistent foundation for current and repeat clients. The second phase announced Tony Niro as Vice President of Business Development in February 2011. As the third and final phase, TASK Construction Management is pleased to announce Tony Niro is now TASK's new President effective immediately.

John Hiebert will remain as Senior Advisor to Tony Niro and the company.

"It's part of a natural progression for me at this stage in my career and in the growth of the company," Hiebert explains. "I am both excited and committed to remaining involved for the foreseeable future, through my involvement as Senior Advisor to the company."

"I am delighted to take on this new role," Niro said. "It's still 'business as usual' at TASK, with John Hiebert available and involved with clients and projects. I look forward to working with John as we move into this next chapter of the TASK story."

**MORE**

A graduate of McGill University, Tony Niro is a registered architect in the province of Quebec and has a strong background in project and construction management. Prior to joining TASK, he was president of Niro Bonomo Consultants Inc., a project management and real estate consultation. Tony has also been a contributor to the success of numerous large projects realized by Magil Construction.

**ABOUT TASK CONSTRUCTION**

TASK Construction Management, an MC Group Company, has provided over 23 years of construction and project management services throughout Western Canada to private and publicly funded developers and building owners. Specializing in fast-track construction management techniques, TASK has won several industry and sectoral awards for excellence in project delivery. <http://www.taskcm.com>
